REPORT OF PUBLIC HEALTH NURSE

The following are items which may be of interest for the Town Report. During 1958, the state department of health conducted three toxoid clinics for the protection against whooping cough, diphtheria and tetanus. Small-pox vaccinations were also given for those children needing same. In addition, the third and final polio clinic was held prior to the close of school.

Before giving more details regarding these clinics, I would like to extend my thanks for the wonderful cooperation and assistance given me by my child health committee, the school board of health, and of course, Dr. Walsh. Without this assistance, the clinics could not be conducted.

One-hundred and nine children attended the toxoid clinics. This group included infants, pre-school children, and children in the first and second grades of school. The parents are to be commended for returning with their children, to all three clinics, until full protection was given. So many times, parents will bring their children to one or two clinics and never return or take the child to a private physician for the completion of their immunization.

I plan to have three toxoid clinics every other year in the towns I serve here in Belknap County. I am sure most parents have their children immunized by their family physician when the child is an infant, which is as it should be. The purpose of these clinics is to offer protection against these three diseases to families who have no family doctor, etc.

Forty-four children attended the third polio clinic. This brings the total attendance of the three polio clinics to about one-hundred-fifty. Following the third clinic, children will receive their polio protection by the private physician.

Although clinics are of major importance, my work as a public health nurse includes any nursing health problem of infants, pre-schoolers, adults, and the older adult age group. TB nursing and school nursing each have their own nurse. I hope that if I can be of service to you or the residents of New Hampton that you will not hesitate to contact me. I have office hours Monday through Friday from 8:30 to 9:30 a.m. and all afternoon on Friday. Anyone may reach me by telephoning Laconia, 1120.

Sincerely yours,

VIRGINIA COMSTOCK, R.N.

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning —brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as [\$200] two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, ect., cut on your property. Eliminate the hazard of burning yourself. It will be easier for you — personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden — the law requires it.

2. Be sure to properly supervise your burning. Don't leave it.

3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty. Use your town dump.

Number of local fires — 3

Number of acres burned — 35

Number of permits issued — 11

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

At the start of this, my first annual report as your Superintendent of Schools, I wish to express my appreciation for the friendly advice and help given me during the past few months by members of the School Committee and school staff and by citizens concerned with the welfare of our school.

Four teachers returned to their duties at the New Hampton Community School with all of the advantages to the school that comes from knowing school policy and practices and from realizing more fully the special problems of each individual pupil. These teachers are Mrs. Ida Sirrine, Mrs. Doris Tathem, Mrs. Ruth Joyce and Mrs. Eleanor Hall.

The school district is particularly fortunate, it seems to me, in continuing to retain the services of Mr. Paul B. Kilmister as Principal and teacher. The School Board has very wisely continued to provide time for Mr. Kilmister to attend to the many duties necessary to the administration of a superior school.

Mrs. Helen Lewis, an experienced teacher who received her training at the University of Manitoba and McGill University, has been employed this year as teacher of grades 5 and 6.

We have had personnel changes in both of our two special positions following the resignation of Mrs. Helen Bellavance, our school nurse, and the illness of Mrs. Beatrice Nordholm, the music supervisor. In both cases we have been fortunate in securing replacements. Mrs. Hilda Greene whose musical talents are well known to this community is serving very effectively as music supervisor and Mrs. Beverly Bacon is performing an outstanding service as our school nurse.

The School Board's Proposal for 1959 - 60 is \$69,989.08. This estimate although less than last year reflects an increase in salaries and tuition rates and in the number of tuition pupils. The proposal is based on a planned increase of \$200 for teachers and \$500 for the school principal.

In the opinion of your Superintendent and School Board this is the minimum effort to be made in the hope of retaining the services of a school staff that has been working so successfully as a professional team.

Some other Superintendents who have already found it necessary to search for teachers for the coming school year have indicated that beginning teachers from our teacher-training institutions are demanding a starting salary of \$3,800 for the coming school year.

There seems to be no possibility that we could do better than to make this minimum effort to retain our present staff.

The following analysis of tuition rates will help you to understand the tuition budget has risen by \$2,674.00.

	High School		Junior High		Elementary	
	58-59	59-60	58-59	59-60	58-59	59-60
Bristol	\$350	\$365	\$220	\$220	\$220	\$220
Ashland	350	365	250	265	220	235
Laconia	376	404	300	339	129	205

Estimated enrollments for the coming school year are given below:

Grade	1	2	3	4	5	6	7	8
Enrollment	13	20	12	9	12	27	16	14 = 121

In closing, I wish to express my particular appreciation to Principal Kilmister and his staff for their fine cooperation and to the New Hampton School Board for their help and support during the brief time that I have served in this community.

PHILIP G. HINES.
